

Opening Prayers

Unfathomable majesty.
Your love reaches to the heavens and your faithfulness to the skies...
And we are hidden with Christ in you...
We stand in awe.

Our parched souls long after You, from whom flows the River of Life.
We come to slake our thirst in the water that will never run dry.
Refresh us with your tender mercies that are new every morning.
Bind us together with the chords of love,
And draw from us the Hallelujah that brings glory back to you.

Deepen our desire to live from deep within our hearts, so that the light of your glory shines brightly among us and draws others who long to know peace.

Thine be the glory for ever and ever.
